## Arriving by car

The majority of drivers enter Slovenia by motorway. To drive on motorways in Slovenia you must have a vignette, or you can face heavy fines. The basic cross-shaped motorway network in the country is complete. Local roads are the most picturesque and interesting routes around the country and provide the best opportunity to get to know its natural beauty and its sights.

More information on vignette:

## Road safety

Regulations require the use of dipped lights at all times when driving, even during the day, while the maximum allowed blood alcohol level is 0.5 parts per thousand. Breath tests are frequent, so it is perhaps better to avoid drinking and driving altogether. Canoeing venue in Solkan is located 2 km from the City centre of Nova Gorica.

## First aid

A team with first aid will be located in the finish area. The organisers will advise participants that emergency medical services will cover only emergency cases and that all participants are responsible to arrange their own medical insurance policy at their own cost.

## Water safety

Rescue service in competition area will be organised during the races.

## Medical Insurance

Organising Committee kindly asks all participants of the event to ensure medical insurance policy in their countries. All costs above the regular first aid and ambulance services are to be covered by this medical insurance policy. Organising Committee will not cover any expenses in connection with hospital treatment.

## Internet access

Available in the whole area of the Kayak centre Solkan.
